Welcome.

The North Wind instrumentation facility, located in Knoxville, TN, rents, calibrates and repairs Radiation Detection (RAD), Industrial Hygiene (IH) and air monitoring instruments of all makes and models from a variety of manufacturers.

North Wind proudly staffs experienced full-service instrumentation technicians. Our team provides the highest-quality services for most major manufacturer models. Unless otherwise requested, all calibrations are performed according to the requirements of ANSI N323AB-2013 and ISO 17025-2017.

Our inventory is consistently expanding, and we strive to accommodate our customers' exact instrumentation needs. If a certain item is not listed, don't hesitate to get in touch with us.
